## CLIENT TESTIMONIAL

---

Before my first photoshoot with Melissa I was excited and really looking forward to it. As a model I always make sure to check the photographers work so I'm familiar with it and I do my best to follow directions and to include some of my own ideas. She is great at directing and also lets me do my own thing so it's the perfect mix. During both out shoots I was having so much fun. Seeing how dedicated and talented Melissa is, how the professionalism is always present, she's one of the best photographers I've worked with and I'm definitely always opened to any shoots with her because I know the product will be amazing. I would absolutely recommend her, she's friendly and reliable and her finished work never fails to impress me.
